

Our microbrewery is the beating heart of KSBH and has been operated by our Brewer, Simon since we opened our doors in 2016. He oversees the whole process, from grain to glass and creates the vast and wonderful varieties of draught beer we have the pleasure of serving to you. We have 11 keg and 6 cask lines dedicated to our beers, which allows us to keep exploring new and exciting beers. Our core range is listed below so be sure to ask your bartender for our latest selection.
